

Inspired by nature,
powered by science.

EORG mini

EORG Mini is our smallest water ozonation device in the industrial range that is well suited for homes as well as small businesses.

EORG Mini can be used to enrich bigger quantities of water with ozone and oxygen radicals to further purify the water.

Great for ozonizing larger volumes of water and maintain sufficient dissolved ozone concentration.

Eliminates up to
99,999% of pathogens
in just **5 seconds'**
contact

Disinfects
**1L of water per
minute**

**Scientifically
proven** efficiency.

Product use

Safe and powerful water ozonation technology enabled by a new Finnish innovation.

Devices produce temporary disinfection power without additives.

Does not leave detergent residues on surfaces

Wellbeing through natural and chemical-free cleanliness.

Safe for the user and for the environment.

Eliminates microbes like pathogens immediately via oxidation.

Decreases chemical burden to nature and need of plastic packages.

Product specifications

| | |
|-------------------|---|
| Product | EORG MINI |
| Product model # | EOD00001 |
| Product includes | 1 x EORG device + power cord 1 x power supply 1 x in-line disp switch |
| Size | 45 x 65 x 60 mm |
| Weight | 90g |
| Power Input | 100 - 240V, 50/60Hz, 1.5A |
| Power Output | 12V / 1.5A |
| Safety protection | class II |

Tested by
professionals
